

CONTACT LENS EVALUTION FEE ACKNOWLEDGEMENT

The contact lens evaluation fee is an **ADDITIONAL CHARGE** and separate from the exam.

Why do I have to pay a Contact Lens Evaluation fee every year?

This is to ensure that your eyes are healthy and that the type of contact lenses worn previously is still the best for you. This also gives us a chance to try some newer brands with better technology that might improve your contact lens experience..

Does my insurance cover the Contact Lens Evaluation?

Some insurance plans do provide coverage for contact lenses and/or contact lens evaluation fees. It is best that you give us a call so we can tailor a quote for you according to your insurance coverage.

Contact Lens Evaluation/Fitting Include:

- ❖ Determination of contact lens prescription
- ❖ Measurement of the cornea
- ❖ Evaluation of contact lens fit and comfort
- ❖ Assessment of how the contact lens fits and affects the cornea, conjunctiva, tear film and eyelids
- ❖ Information about contact lens care, safety, and solutions
- ❖ One pair of trial contact lenses (some exclusions apply for specialty fits)
- ❖ 1-2 week follow-up visits
- ❖ 2 months of follow-up care relating to contact lenses (non-medical related) when contact lenses are purchased from Private Eyes Optometry. \$55 per visit after 2 months.
- ❖ Contact lens prescription valid for one year
